

Agenda

State/Federal Review of EPA BDCP Comments

September 9, 2014, 1-4pm
650 Capitol Mall, First Floor, Sonoma Room

Goal – Determine path forward on major EPA Comments re: BDCP Draft EIS/EIR

- Determine if issue is technical, policy, or matter of language, etc?
- What must be addressed at the Principal's level vs Staff level?

I) 1-1:15 Introductions
Meeting Purpose and Organization

II) 1:15 - 2:30 Content of EPA Comments

Discuss and clarify EPA comments related to Water Quality Parameter Exceedences (e.g. nature of exceedence, related effects, analytic gaps, possible monitoring/mitigation):

- EC/Salinity
- X/2
- Bromide
- Mercury
- DO
- Selenium

2:30 - 3:00 Discuss other Key EPA Comments (Fish and Aquatic Resources, other analytical/NEPA issues)

III) 3:00 - 3:30 Process and Timing Issues

Identify relationships between these issues and the scope and timing of BDCP and other related processes (completion of BDCP, Water Board water quality standards review, Corps permitting, etc)

III) 3:30 - 4:00 Path Forward

- Tasks for Lead Agency technical teams and/or ICF
- Development of Policy Issues for Principal's Discussion
